COMITOLOGY: HIJACKING EUROPEAN POWER?

50 directives are adopted each year under co-decision against 2,500 regulations in comitology. This technocratic drift involves all current issues: rosé wines, body scanners, GMOs...

The word "comitology" has entered our vocabulary to signify a superior, mysterious and opaque power. The Treaty of Lisbon introduces a new reform of comitology, of which the contours are uncertain and the application is unknown.

The hot topic for 2010.
